

San Luis Valley Interagency Fire Management Unit 2015 RT-130 Training and WCTs (USFS & BLM)

Fire Refresher and Work Capacity Tests ("Pack Test"), we're planning for:

- April 22 Refresher / April 23 Pack Test
- May 21 Refresher / May 22 Pack Test
- June 17 Refresher / June 18 Pack Test

All will be held at the Monte Vista Ad Site/Fire Center and will start at 0830. Sack lunches are recommended for the Refresher day so we can maybe keep to a 30-45 min lunch break and a shorter day. For folks requiring the shelter deployment training, please bring your line gear, gloves, hardhat and if not in Nomex pants and shirt, wear other clothing appropriate for groveling in the dirt (long sleeve shirt, etc.).

Please reply to Tina Sanchez with the dates you would like to attend: tmsanchez@fs.fed.us or 719-852-6209
